February Newsletter

Athletics

On Tuesday 12th January, students from year 7 and 8 took part in athletics at Sirius Academy. The students who took part were: Madison, Jay Bilton, Amy, Molly Fisher, Faith, Marko, Ethan, Krystian, Deniss, Blaze Jessop, Buckhari, Brandon Taylor, Joshua Riley Read, Molly Bower, Mia, Chloe, Ellie May Hand, Naomi Smith, Brandon, Dominik, Davis and Nathan.

The events varied from track events to field events. "The field events were easier than track events," stated Jay Bilton.

"I think the track events were hard but we all put the effort into it. Everyone was watching us and I was very shy but I tried my best," commented Amy.

"Amy and I tried our hardest and we managed to complete it," said Madison.

Everybody tried their best and in some cases proved they can do anything if they tried their best. The schools tried their best but our team spirit shone through the most. There was a lot of team spirit from all the schools that competed in the events that took place.

We would like to thank the teachers that took us to Sirius and told us never to give up and cheered us all the way Miss Lidster and Mr Deyes.

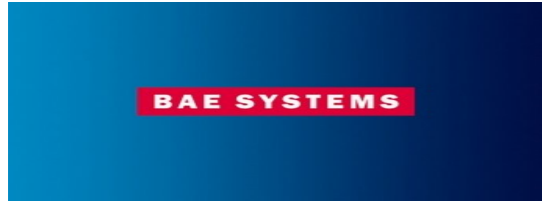

Dodgeball

On Thursday 7th January, a group of seven year nine girls went to Sirius North to compete against several teams at dodgeball. As we started to play the first game, everyone was anxious and thought they couldn't do it. But as the games went on, and became more and more confident.

Everybody put in an exceptional amount of effort and played really well. We drew one, lost two and won one. Everybody supported each other and we all enjoyed ourselves.

During few games we weren't playing, we watched how the other teams played and picked up on their weaknesses and how we could take advantage of them. In our set we came second, and ended up in the semi-finals. We played Sirius North, but unfortunately we lost. Even though we lost, everyone played fairly and everyone got involved.

Boulevard Academy BAE Systems Visit

The Boulevard Academy year 7 and year 8 had some awesome visitors in the morning: The BAE science people!

The topic was waves. They explained how waves are invisible but are all around us. They showed us all sorts of cool experiments, such as proving that there is no sound in space. They did this by putting a ringing bell in a container and sucking the air out of the container with a special pump.

We had a sing-song of key words, such as 'sound waves' and 'sound'. All the year 7 and 8 really enjoyed it.

"It was cool and it showed me how sound waves and vibrations are created," said Kkan Smith, 7HMO. All the Boulevard Academy students really enjoyed it.

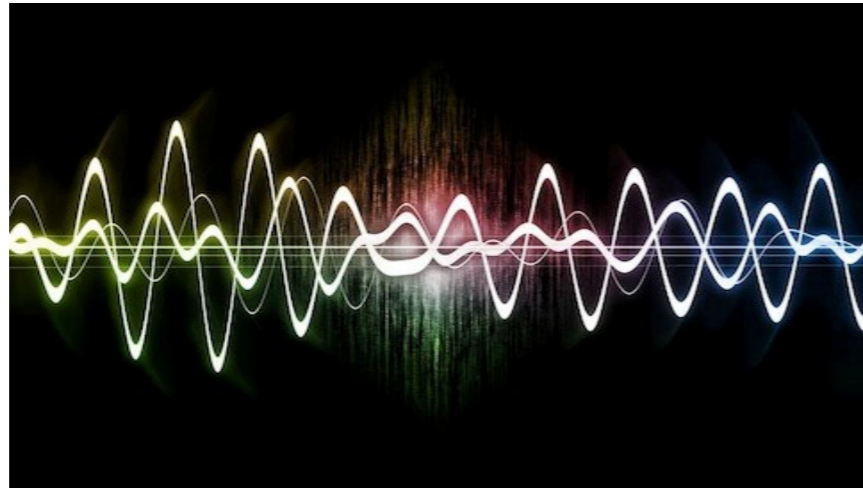

By Patryk Cwik 7HMO

The subject was WAVES

Sound Waves Sound waves are how we hear; the science word for this oscillation.

Waves can travel through the air, walls and water. You can't hear sound waves in space, there are no particles to vibrate.

Football Tournament

On Wednesday the 13th January a squad of 10 students took part in a 7-a-side football tournament at St Mary's College. We played a total of four games against St Mary's, Kelvin and Sirius Academy West all of whom play in the league above.

We played 4 matches, twelve minutes each and we had a fantastic time playing. We had some close games losing to the winning team 2-1. At the end of the match, Mr Williams said we did well as a team and he didn't expect us to win every game, considering we had people who were playing their first game for the Academy.

The players had the opportunity to play in a lot of different formations and play in lots of different positions which was good and allowed Jake, Bukhari and Rhys to score.

The matches were very hard as we were playing teams from a higher league. The team were determined and supported each other but didn't win any of the games. However that didn't matter because we were playing really good teams and challenging ourselves.

Rhys scored the goal against eventual winners St Mary's which was a great performance. Jake and Bukhari also scored in separate games. Jordan, Charlie, Brandon and Jake all went in goal and did a great job, especially Jordan.

My Big Achievement

On Thursday 21st January I won a trophy for Futsal. My team (Beverly Town Dynamos) had 2 games of Futsal. On the night we lost the first one 1-0. This wasn't a goal but the referee gave it. The second match was 6-0 to us.

Time for the presentation; we won on goal difference. I was captain during the match and I got to hold the trophy. Now we are waiting to go to Leeds to qualify to get to the Nationals in Birmingham.
